Fall From Horse Fatal To San Mateo Man

SAN MATEO — Injuries suffered on Mar. 25, when his horse reared and threw him near Colma, proved fatal Monday to Daniel J. O'Neill, well-known San Mateo County cattleman. He died in Franklin Hospital, San Francisco. Mr. O'Neill, who formerly owned the land where Bay Meadows Race Track is now located, was a director of the San Mateo County Horsemen's Association.

Surviving him are his wife, Mrs. Margaret O'Neill; four daughters, three sons, four brothers, and two sisters.

One out of every four physicists in the United States, it is estimated, is working on problems of national defense.

Graham Cracker Pie Proves Delicious

Honey Maid Graham Crackers are easy to use. Just roll them into crumbs—no sifting of flour to take up your time and make a mess to clean. As to actual cooking—it's really down to a minimum when you serve Honey Maid desserts. They are perfect for "refrigerator baking." These rich graham crackers are thoroughly baked when they reach your grocer's shelf.

These advantages plus the rich honey flavor of Honey Maids and their time-proven wholesomeness should be reasons enough to try these recipes. Once you've tried them, you'll have only one reason for repeating them—they're so good!

SUMMER PIE

1 No. 2 can (2½ cups) black cherries
1 Package cherry gelatin
Honey Maid Graham Cracker Crust
2 Bananas
½ Cup heavy cream

Drain and pit cherries. Dissolve gelatin according to directions on the package. Keep 1 cup gelatin mixture at room temperature or warmer so that it will not stiffen. Chill remaining gelatin mixture until sirupy; place in bowl of cracked ice or ice water; beat with rotary beater until fluffy and thick. Fold in ½ cup cherries. Pour into crust. Chill until firm. Now chill remaining gelatin until sirupy. Slice bananas; use as garnish with remaining cherries. Pour enough sirupy gelatin over fruit to cover completely. Chill 4-5 hours. Whip cream; force through pastry tube around edge of pie. Makes one 9 in. pie.

Crust—Use the same amounts of graham cracker crumbs and melted butter and pack into an 8 or 9-inch pie pan. Bake 4 to 5 minutes in a moderately hot over 400 degrees F. Cool before filling.

Plumbing and Heating Dealers To Meet

A meeting of plumbing and heating contractors of this territory has been called by the Crane Co. for 7:45 p.m., Monday, Apr. 14, at Wilson's, Palo Alto.

The purpose of the meeting is to present latest news of plumbing equipment, as well as to discuss new merchandising and selling ideas.

Featured will be a motion picture in sound and color, entitled "The Making of American Homes."

Ton and a Half of Silver Dollars

Fifty thousand shiny silver dollars! More than a ton and a half in weight! This mint of silver dollars was a feature of the James F. Waters victory banquet in San Francisco, at which Oleson & Son, Redwood City De Soto-Plymouth dealer, was presented with a huge portion of this bonus bonanza for outstanding sales work.

County Tax Payments Are Due by April 21

Approximately $1,000,000 in 1940-41 county taxes remains to be collected before the Apr. 21 deadline for second installments, County Tax Collector Ambrose McSweeney reported here. A 3 per cent penalty will be imposed after the deadline.

Collections of $235,331.92 in the first three months of the year are $66,730.04 ahead of last year at this time. December collections of first installments totaled $2,127,807.46 of the total tax roll of $3,549,474.46.

McSweeney said his office would be open every week day from 9 a.m. to 5 p.m. and through the noon hour to receive tax payments. Saturday hours are from 9 a.m. to noon.

3 More Artists Billed For Concert Series

SAN FRANCISCO—Three famous artists will close the present concert series of the San Francisco Opera Association, Josef Hofmann, famous pianist, Tuesday evening, Apr. 22; Helen Traubel, distinguished Wagnerian prima donna soprano of the Metropolitan Opera Co., Tuesday evening, Apr. 29, and John Charles Thomas, Friday evening, May 2. All three concerts are War Memorial Opera House attractions.

Hofmann, throughout the country, is known as one of the artists whom earnest music lovers never miss the opportunity of hearing. Students, particularly, always look forward to an opportunity to hear this greatest of living pianists.

Helen Traubel's concert date here will be her first appearance in this part of California.

She will include on her program selections from her Wagnerian repertoire, as well as songs by Beethoven, Schubert, Strauss, Rachmaninoff, a few Negro spirituals and songs by contemporary composers.

Tickets for all three of these concert events are now on sale at Sherman Clay & Co.

San Carlos Building Permits Top 100 Mark

SAN CARLOS — Number of building permits issued for new homes in San Carlos since the first of the year by Bldg. Insp. O. W. Stewart's office Tuesday passed the 100 mark and the total valuation of permits issued now stands at more than a half million dollars.

Total valuation this year for the 101 building permits is $535,050, as compared to last year's figure of $398,400 for 81 homes on the same date.

'Miracles in Petroleum' Is Fascinating Book

A new quiz game is sweeping the United States, using modern chemical miracles for its subject and throwing new light on scientific achievements that affect everybody's life. Some of the questions are:

"What is used to make synthetic rubber?"

"How does petroleum help grow better oranges and sweeter melons?"

"Can vitamin E increase production of eggs and chickens?"

"What explosive important to national defense can now be made in unlimited quantities from oil?"

Answers to all these questions, and many others, are found in a new free booklet, "Miracles in Petroleum," which is being distributed by all Shell dealers. The booklet tells in simple, non-technical language how Shell scientists reconstruct petroleum molecules to get almost any product they want.

"Industrial science is one of the most interesting subjects of the modern world and the greatest single factor for material progress," it was said by Shell's local manager, C. L. Corcoran.

Newspapers Selected To Tell Ruskets' Story

Home town newspapers, including the Redwood City Tribune, have been chosen as the backbone of an extensive advertising campaign on Ruskets breakfast cereal, made by Loma Linda Food Co., Arlington, Calif.

Newspapers were selected, according to L. V. Roberson, advertising manager of the company, "because we believe the modern housewife looks to them more than to any other source for news and guidance on meal planning."

Flaked whole wheat in biscuit form, Ruskets, according to Roberson, are a unique development in food manufacturing. Slow-baked in a series of three-story ovens 40 feet high, they travel over a fifth of a mile for the purpose of dextrinizing the starch in the wheat. According to Roberson, over 5000 food stores in California alone are now stocking this home state product.

MENLO PARK NEWS NOTES

MENLO PARK — Menlo Park Native Daughters of the Golden West will sponsor a card party in the Hall of the Nativity on Tuesday afternoon, Apr. 15. Score cards will cost 25 cents.

A large crowd attended the meeting of the city council Tuesday evening in anticipation of a battle over the appointment of a health officer. County Health Officer C. C. Gans sought the position as did Dr. Robert J. Gerlough, local physician. Much feeling was apparent in the selection, as the crowd was opposed to an outside man. Gerlough received the appointment by a unanimous vote. Dr. Gerlough has been serving for some years. Councilman Carroll was appointed acting chief of police pending the selection of a chief. The applications of two outside men were read but no selection was made. It is thought that a new chief will be chosen next week to replace Foster Andrews, who recently resigned. None of the local officers is seeking the place.

On Monday, Warrington Dorst was elected commissioner in the Menlo Park Fire District, defeating W. B. Tyler 796 to 424. Mr. Dorst replaces Charles Merrill, who served on the board for nearly 20 years. In the Ravenswood district, Dorst received 316 votes and Tyler 91. No one appears to know the cause of the big vote as there were no issues at stake and both candidates are residents of Atherton. It is possible the Mike Hara episode had something to do with it. Some time ago Hara was dismissed from the force, apparently without cause, and this has been rankling in the minds of his many friends ever since. It is said the new board will make some changes in personnel of the department.

All the churches in Menlo Park will hold special services on Easter Sunday. At the Church of the Nativity, masses will be celebrated at 7 a.m., 8:30 a.m. and 11 a.m. The last mass will be a solemn mass. The sermon topic will be: "As Christ Is Risen From the Dead, So We Also May Walk in the Newness of Life."

A 950-arch span in the new Rainbow bridge at Niagara Falls when completed will be one of the longest of its type in the world.

Building Inspector Aide Considered for Next Year

Redwood City's jurisdiction over houses, either under construction or inhabited, came up for definement at the Redwood City City Council meeting Monday night.

The council heard further objections to the construction of "crackerbox" houses which, when completed, have values well below that stated on the building permits.

The matter of city control over the cost of homes, in the absense of any restrictions imposed by subdividers, came up after City Clerk Clarence W. Eltringham had read a letter from Robert E. Callogg, 950 Hudson St., criticizing the building of several "crackerbox houses" on that street. Callogg said his complaint was inspired by the action of Ray H. Marshall in entering a protest against the houses, in a recent appearance before the council.

SEES COST AT $1800

Callogg's letter asserted that, while the three houses referred to had been built under permits for $3000 structures, they could not have cost over $1800.

"A slight breeze blew the garage doors off two of the places," his letter informed the council. "This perhaps will give some idea of the shoddiness of these structures."

Stating that he was objecting in hope "of preventing the erection of such 'crackerbox houses' in the future," he said that buildings should cost approximately what the permits state.

City Atty. Albert Mansfield assured the council there was nothing it could do to force a builder to spend any certain amount on a home, and said the problem appeared to be beyond the city's control. Neither the State Planning Board nor League of California Cities could offer suggestions, he said.

UP TO INSPECTOR

"I'd say that it is only the duty of the building inspector, when a man gets a permit to build, to see that the building is constructed according to the plans and specifications he submitted at the time the permit was granted," the city attorney said.

The city manager was instructed, on the recommendation of Councilman Evans A. Fletcher, to consult Bldg. Insptr. L. M. Duncan and City Attorney Mansfield, and write a letter to Callogg, explaining how far the city's authority goes in such cases. And, at the request of Mayor Harold F. Anderson, each councilman will be provided with a copy of the letter, to enable him to have ready an authoritative answer when questions like that come up in the future.

The question of city control over homes came up again when further reports were read on the condition of a house at 135 Nueva Ave., occupied by Mr. and Mrs. A. C. Potter. Dewey Brown, a next-door neighbor, who had appeared before the council at a previous meeting to ask an investigation, told the council last night he was sorry "personalities" had been dragged in, and said he and his wife were concerned only with the possibility that the house might be sold in its present condition.

Mr. and Mrs. Brown both explained to the council that they had heard that Potter was purchasing the place, but that it might be sold to someone else, and that it was unfit for occupation.

After Potter, a WPA worker, told the council he was buying the house and intended ultimately to tear it down and build a new one in its place, the Browns said they were satisfied.

"The whole issue was to prevent its being sold in that condition," Brown stated.

Councilman Floyd D. Granger suggested that a practical means of controling houses deemed unfit for occupancy would be to have water service stopped whenever such houses are vacated and before new tenants move in. Meters would not be replaced until the houses passed sanitary inspection.

Councilmen generally approved the suggestion as meritorious — with reservations. Councilman W. M. (Bill) Werder said it might be "an involved and expensive thing."

"We have nothing to say about whether a house is painted or not, but we do have as far as sanitary conditions and fire hazards are concerned," City Attorney Mansfield said.

Mayor Anderson said Councilman Granger's suggestion for removing meters would "give us a whip hand in many cases," but Granger's proposal, put into the form of a motion by him, died for lack of a second.

DELAY APPROVED

"I think the idea is good but it has many involvements," said Councilman Werder. "I think to come out with anything so iron clad as that would be unwise."

He moved that the matter be held over, which was done.

City Manager C. L. Dimmitt suggested that clean-up committees make a list of places they considered objectionable, for possible action in the future.

"I'd hate to put the water department on the spot," he said.

Councilman Granger said an assistant building inspector should be hired on a part-time bases to provide for closer inspection of buildings under construction, since Building Inspector Duncan cannot give close attention to all buildings being erected in the city. This will be considered when the budget for next year is prepared.

More Service From County For City Taxes Sought

Redwood City Council Monday night undertook to explore the problem of getting more benefits from the county in return for the heavy amount of taxes paid into the county treasury by city residents.

The council decided to contact officials of other cities in the county to determine whether a concerted effort might be made on the part of all incorporated communities to secure more benefits from tax dollars their citizens pay to the county.

Councilman W. M. (Bill) Werder said that he believed the city had more coming to it, pointing out the cities contribute 78 per cent of the county's taxes but get little in return except schools.

Residents of areas just outside the city get better roads than do residents living just over the line inside the city, Werder asserted. The county improves roads up to the city limits—with funds largely raised by taxation within the cities—and the city cannot match the improvements on its side of the line. This has the effect of drawing residents out of incorporated areas, he declared.

Other councilmen agreed that the city deserves more than it gets from the county.

City Manager C. L. Dimmitt said the "greatest injustice" was done the cities in the matter of gas tax fund allotment.

"The cities have no say in how the county gas tax funds are spent, yet the cities are paying 85 per cent of the gas tax," he said.

City Clerk Clarence W. Eltringham was instructed to get accurate information on the county's tax sources, and Mayor Harold F. Anderson appointed a committee of three to contact other cities in the county to see what concerted action might be advisable to gain more benefits and co-operation from the county. Named to the committee were Councilmen Werder, Floyd D. Granger and Louis C. Christensen.

A number of other matters were considered also.

The council indorsed the movement of the California Committee for Public Ownership of Bridges to have the state acquire the Dumbarton and San Mateo-Hayward bridges.

The application of William Ludwig, 1545 Gordon St. for a permit to continue operation of his poultry business at that address was referred to the health department for a recommendation.

The council approved an advance of $300 to R. F. Martin, operator of the local bus line, as the initial payment of the city's "loan" to help him start his extended bus service—inaugurated yesterday. A franchise for the service will be submitted to the council at the meeting Apr. 21.

The council held over until the next meeting a request by the city library that the city turn over to the library money raised by taxation for contribution to the county library. In a letter to the council, Sanford B. Dole, secretary-treasurer of the library board, pointed out that last year the city raised $2857 in taxes for the county library, and contended this money could be used to better purpose in the city library. The council tentatively agreed, but decided to give a final answer later.

Also held over was another request from the library—that the city make a salary appropriation of $990 to cover the salary paid a library typist, formerly paid by the WPA. When last year's budget was made up the typist was being paid by the federal agency, but soon afterward this was stopped, and since August she has been paid by the library. The city was asked to make up this amount to prevent a deficiency. The matter was held over for a more detailed report.

Zeitman To Represent R. C. in Stamp Quiz

Harold Zeitman, Sequoia High School student, will represent Sequoia and Redwood City in a championship stamp collectors' quiz contest to be held at the Palace Hotel in San Francisco, May 4, in connection with the Council of Northern Philatelic Societies' exhibit to be held there at that time.

Weekly winners of Stamp Quiz contests in 11 Northern California cities will compete in the championship quiz.

Zeitman won first prize — a stamp album—in a high school elimination contest held here last Monday with Sidney E. Goldie, San Francisco Examiner stamp editor, asking the questions. Richard Tennant placed second in the school quiz and was awarded the runner-up prize, a 1941 stamp catalogue.

Methodists To Be Hosts

With seven churches participating, the Good Friday services to be held from noon till 3 p.m. today in the First Methodist Church will have sermons on six phases of the general theme, "Following Christ."

Subjects of ministers who will speak are as follows:

"Following Christ in Devotion," Rev. Samuel J. Chaney, pastor, First Methodist Church.

"Following Christ in Service," Rev. William J. Savidge, pastor, Full Gospel Church.

"Following Christ in Courage," Rev. Rowland T. Edgeworth, pastor, First Baptist Church.

"Following Christ in Sacrifice," Rev. O. Carl White, pastor, North Fair Oaks Community Church.

"Following Christ in Fellowship," Rev. H. J. Loken, pastor, San Carlos Community Church.

"Following Christ in Reality," Rev. Charles E. Ward, pastor, First Congregational Church.

The other church participating is the Free Methodist Church.

Music will be furnished by a Negro woman's quartet.

The Redeemer Lutheran, St. Peter's Episcopal and Mt. Carmel Catholic Churches plan their own services.

Woodsider Is Re-elected

Voters in three Southern San Mateo County communities — Menlo Park, Woodside and Belmont—elected fire district commissioners Monday. One member was elected to each of the three boards, to serve a three-year term.

In Menlo Park Fire District, Warrington Dorst defeated William B. Tyler 796 to 424 as commissioner to succeed Charles H. Merrill, who resigned. Other members of the board are Cresap B. Weltner and Edward H. McNear.

Belmont voters elected Harry Walden over Jack Kidd, incumbent. Walden received 143 votes and Kidd 86. Other members of the board are John Smith, president, and George Roussel.

In an uncontested election at Woodside, Paul B. Fay was re-elected with a complimentary vote of 38. Other members of the board are Joseph A. Ernst and Fred H. Mighall. Fay had served one three-year term.

SUES OVER SERVICES

Claiming she had served the late John Meyn of San Mateo as personal secretary, housekeeper and practical nurse for nine years preceding his death last Nov. 1, Anna Cavanagh has filed a suit in superior court against San Francisco Bank, as executor of Mr. Meyn's estate, asking $26,157.56 for her services.

Two Officers Ousted, Two Suspended As Result of S. F. Inquiry

Police Beatings

Two Others Exonerated

SAN FRANCISCO—Expulsion of two officers from the San Francisco Police Department's force and suspension of two others today had apparently ended the investigation into the beating of two Stanford University students. Two patrolmen were exonerated in a decision announced late Wednesday.

Shortly after the commission announced its verdict, Chief of Police Charles Dullea made one of the biggest mass shakeups in the city's history. He shuffled six captains into new station commands and transferred nearly 70 police officers to different stations.

The officers who lost their stars were Patrolman John Desmond and Patrol-Wagon Driver Benito Escobar, convicted of neglect of duty.

SUSPENDED 90 DAYS

Sergeant Thomas I. Flannagan and Patrolman Roy Loran, on duty at the Southern station when the students were arrested Mar. 2, were suspended for three months.

Patrolmen Joseph Greene and Edward Van Dervort were exonerated.

"These six officers insulted the intelligence of the police commission by their flimsy testimony at the hearing" declared William Wobber, president of the commission, before pronouncing sentence.

"We were satisfied that the officers, or some of them, knew who committed the assault on the boys and it was not loyalty on their part to protect one or two and besmirch the character of the 1300 members of the force."

ON 'EXPERIMENT'

The Stanford students, Carter Barber, 18, Chicago, and Donald Allan, 18, Woodside, were arrested on the city's "skid row" and, taken to the police station, explained they had been conducting a "sociological experiment" among the itinerants.

The youths were beaton severly and later Barber pointed out Officer Desmond from a large lineup of policemen, and Allan identified Greene as the man who had struck him. Both officers denied the charges.

The convicted men were found guilty only on charges of neglect of duty, and responsibility for the beatings was not determined by the commission.

The commission held, however, that the officers were derelict in their duty.

Easter Egg Hunt Delayed Week by Rains

Continued rains today brought postponement for a week of the Exchange Club's Easter Egg Hunt which had been planned for Saturday at Hawes Park.

City Recreation Director Alfred Morton, in charge of the event, said that the hunt could have been held as scheduled had it not rained today, but the continued downpour made the grass and ground too wet to be used.

As a result, the hunt will be staged Saturday, Apr. 19, at 10 a.m. at the city park on Roosevelt Ave.—weather permitting.

The egg hunt was the second event to be affected by this week's rains. The Easter Sunrise Services which had been planned for Sunday at Emerald Lake Bowl were canceled.

Good Friday Service Set at St. Peter's

The traditional Good Friday Service at St. Peter's Church from noon to 3 p.m. today will enter the experience of the darkest hours of earth's history as "The Triumph of God: The Words From the Cross as the Fulfillment of the Beatitudes." The simple worship revolves around the Psalms to which Jesus turned, the hymns of the heart, and the prayers of the followers of Jesus.

The meditations of the Rev. Schuyler Pratt will be entitled "The Quality of Mercy"; "The Blessing of the Humble"; "The Mother and the Child of God"; "The Inheritance of the Desolate"; "The Pain of the Righteous"; "Final Peace," and "God's Haven."

Parts of a copper roof on the Hildesheim cathedral in Germany date from 1320—172 years before Columbus discovered America.

Handling of Tobacco Described for Club

The history of the R. J. There are 17,003 motion picture theaters in the United States, more than in any other nation in the world, but Russia is a close second with 15,000.

Baptist Church Plans Early Rites

Although there will be no sunrise services Easter morning at Emerald Lake Bowl, the rites having been canceled because of the rain, the First Baptist Church in Redwood City will conduct services beginning at 5:30 a.m. Sunday, the Rev. R. T. Edgeworth, pastor, announced today. He said that young people of the church would sponsor the services, expected to last about an hour and 15 minutes, and that special music and perhaps an outside speaker would be provided. The public is invited.

TERMINAL HEARING SLATED

SAN FRANCISCO — A State Railroad Commission hearing into the proposal to establish a central bus, street car and railroad terminal in San Francisco will be held soon, it was announced today. The proposal was made by the Central Council of Civic Clubs which filed a complaint with the railroad commission against five rail and street car firms and one bus company in an effort to force them to establish a central terminal.

PAIR FACE CHECK CHARGE

Held in the county jail at Redwood City today facing check charges in San Bruno were Joseph Terranova, a plasterer, and his wife, Thelma, returned from Solano County by Police Chief William Maher of San Bruno.

New Packard Convertible Offers Conveniences

Packard's latest bid for Spring and Summer business includes a new convertible coupe offered in a variety of color and mechanical combinations. Mechanically the car may be equipped with Aero drive and the Electromatic drive which together eliminate the use of the clutch and add to smoothness and economy of performance. The young lady indicates the simple dash control of the Electromatic drive which "lets your left foot loaf" and increases the joy of Packard "Convertible" driving according to Frank Horigan, local dealer.

S.M. Job Office Opens New Bureau

Opening of a new placement bureau with special emphasis on positions for younger people was announced here by Wade Sargent, manager of the State Department of Employment office at 15 B St., San Mateo.

In charge of the new service, which will have as its chief aim the scientific placement of high school and junior college graduates, will be Mrs. Marie T. Bolton, who has been doing personnel and placement and administrative work for a number of years.

Atlantic clipper planes can carry 13,000 pounds of mail under favorable conditions.

Perfumes, astringents, theater sprays, shampoos and liquid rouge are newer by-products of petroleum.

Sargent Called To Aid Ship Program

Wade Sargent, 277 Grand St., Redwood City, has been "drafted."

The local man, manager of the San Mateo County office of the State Department of Employment, today had been given a special assignment as advisory shipbuilding representative for Northern California, with offices in San Francisco in connection with the national defense program.

It will be Sargent's task to determine the number of workers now available for the shipyards, how many can be recruited for allied industries, how many need training and when they will be needed.

But the managership of the county employment offices remains in Sargent's hands, it was pointed out by Theodore H. Krebs, who has assumed the position of acting manager at the San Mateo office.

Krebs said that Sargent had relinquished some of his administrative duties in this county to accept his new position, but that he retains his title as manager. Lawrence E. Dilley has been named by Sargent as acting manager of the employment office at South San Francisco.

Hero in 'Thief of Bagdad' Film

This is a new picture of Sabu, the world famous Alexander Korda star, who appears as the beloved and remarkable hero of Korda's "The Thief of Bagdad," the all-color spectacle romance now on view at the Redwood Theater on a dual program with "The Case of the Black Parrot."

Circulation Tops 4000, So the Tribune 'Pays Off,' Gives Carriers a Party

An event that doesn't occur every day—or even every month or year—was celebrated fittingly Tuesday by the group of boys who made it possible.

The big event was the passing of another 1000-mark in the number of subscribers to the Redwood City Tribune.

Because they had been successful in an Easter week subscription campaign to bring the Tribune's circulation over the 4000-mark, 34 carrier boys who deliver the newspaper each day were treated to a "large evening" in San Francisco.

The circulation of the Tribune this week was 4026 — meaning that last night's paper was read by approximately 16,100 persons, since each copy, it is estimated, goes into the hands of four people on the average.

So the circulation department "paid off"—not only in commissions and bonuses, but in the San Francisco trip. Accompanied by Circulation Manager James Wood, the boys went by chartered Greyhound Bus to the metropolis, where they were first given a banquet at Ripley's Restaurant, then were taken to the Golden Gate Theater to see Ted Lewis' stage show and the other theater offerings presented there.

For a number of the youngsters, it was not only the first stage show they had ever seen, but it was the first time they had eaten in a San Francisco cafe. And how they enjoyed it!

The subscription drive enabled the carriers to augment their regular income during this vacation week. Securing a total of 225 new subscribers since Saturday, the boys had added many dollars to their individual incomes, ranging to as much as $15 earned, in addition to his regular pay, by the top carrier in the campaign.

During such a drive, commissions even better than those ordinarily paid for new subscriptions are given, in addition to the dinner and theater party.

The increase in paid circulation of the Tribune, while taking a spurt during this week, has been steady since the founding of the paper May 1, 1923. Last Oct. 1 when the annual statement was published, the average paid circulation for the 12 preceding months had been 3513. It is the Tribune's hope that the circulation list will be still further increased in the coming months so that by Oct. 1 this year the average will have been better than 4000 for the year.

All the Tribune's carriers except one who is ill made the trip to San Francisco Tuesday night, regardless of how many subscriptions each obtained.

Enjoying the party were Victor Morris, Lyle Swinyer, George Seits, George Rusch, Victor Boicelli, Arthur Mulrey, Wendell Perkins, Edward Jennings, Carson MacDonald, Leroy Morris, Louis Zanardi, Jack Amberg, William Hayes, Frank Osborn, Donald Ralston, Raymond Fronberg, Wilmer Sibbach, Jesse Nelson, Howard Sahlberg, Richard Alves, Carl Sears, Russell Alves, Winslow Hall, Gordon Newton, George Campion, Robert Mulrey, Robert Wright, Kenneth Neil, Lawrence Adams, William Huggins, Edwin Rice, Dale Slater Donald Swinyer and Ray Hayes.

SIMMEN RE-ELECTED MAYOR

SAN MATEO—Frank P. Simmen was unanimously elected to his fourth term as mayor of San Mateo Monday when the San Mateo City Council reorganized after induction of one re-elected and two new members. Edward Keller was re-elected vice mayor.

Stanford Invites Public To Attend 7 A.M. Services

STANFORD UNIVERSITY —An invitation to worshippers of all denominations to attend an outdoor Easter morning service in the Laurence Frost Amphitheater was extended today by the Student Inter-Faith Council.

Friends and alumni of the university from up and down the Peninsula, as well as students, will be welcome at the service, which opens at 7 o'clock.

A feature of the service will be the playing of the new Hoover Library carillon from 6:45 to 7. Warren D. Allen, university organist, will play the bells from the clavier on the top floor of the library tower.

The Rev. Gerald Kennedy, pastor of the Palo Alto Methodist Church, and Dr. D. Elton Trueblood, chaplain of the university, will officiate at the service, in which they will be joined by Bruce Jessup, president, and Anne Townsend, vice president, of the Associated Students.

At 11 a.m. an Easter service will be held in Memorial Church.

Mary Boland To Star In Play at S. F.

SAN FRANCISCO — Mary Boland, noted stage and screen comedienne, returns to the footlights in "Meet the Wife," three act farce by Lynn Starling, opening at the Curran Theater Monday night, Apr. 14. The engagement is for two weeks only. In addition to the regular evening performances there will be matinees Wednesday and Saturday.

This is Miss Boland's first stage vehicle since the New York musical success, "Jubilee" by Moss Hart and Cole Porter. She achieved previous triumphs in "Face the Music," by Irving Berlin, "The Vinegar Tree," "Cradle Snatchers" and other Broadway shows.

Since following the trek to Hollywood, she has become Metro-Goldwyn-Mayer's ace comedienne. She was starred in "The Women" and "Pride and Prejudice."

In "Meet the Wife" Mary Boland portrays a feather-brained New England charmer who gets involved in matrimonial adventures.

Her supporting cast includes Jean Cagney, Paramount starlet who appeared here last autumn in Noel Coward's "Tonight at 8:30" plays, John Roche, Vernon Steele, King Kennedy and Alexandra Brackett.

The New Hebrides islands in the South Seas are administered jointly by Britain and France.

New Buses Roll Over R. C. Streets

Redwood City's two new buses are shown lined up here in front of the civic center beside the old bus (right). With the new bus at the left is Driver Ivel Noll. In front of the center bus is R. F. Martin, operator of the line. Standing in the door of the big bus is Driver Darrell Martin, brother of the line's operator. (Photo by Broadway Studio)

Buses every half hour instead of every hour were rolling over the two bus routes in Redwood City this week, as the improved service was inaugurated by R. L. Martin, operator of the line.

Martin is covering the two routes with two buses instead of the single bus which before today serviced both routes. By underwriting the extra operating costs until enough additional revenue comes in to pay for the extra service, the city is helping the operator give citizens better service.

Twenty-minute service is given now between 10 a.m. and 4 p.m., with half hour service from 7 a.m. to 10 a.m., and from 4 p.m. to 5 p.m. Two early morning runs are made on Route B, one leaving at 6:10 a.m. and one at 6:31 a.m. Hourly service is given during the evening until 10:40 p.m. on Route A, and until 11:20 p.m. on Route B.

Fair remains at 10 cents on both routes.

16 Directors Named By Employers' Group

A permanent board of 16 directors representing 16 different building trades crafts, was elected Monday when more than 100 San Mateo County contractors met at Benjamin Franklin Hotel for the second meeting of Peninsula Building Trades Employers Association.

The new directors will meet within a few days to draw lots for terms and name permanent officers.

Named to the board were Oscar F. Person, Burlingame, bricks; H. E. Casey, San Mateo, building materials; John W. Morey, Redwood City, concrete; Seth Cohn, San Mateo, electrical; Harold Sanders, Redwood City, excavating; Frank Gustafson, San Mateo, floors; Herman Holser, general; B. L. de La Cruz, San Mateo, glass; J. B. McKeon, Redwood City, lumber and mill work; R. L. Spencer, San Mateo, painting; Frank Regan, Burlingame, plumbing; C. B. Henderson, Burlingame, plastering; George Skandrup, San Mateo, roofing; Ernest Mettler, San Mateo, sheet metal; H. H. Broomhall, San Carlos, tile; C. H. Hale, Redwood City, linoleum.

Mrs. Mae D. Quillici Is Taken by Death

Following a four-day illness, Mrs. Mae Dolores Quillici, 73, a resident of this community for 14 years, passed away Tuesday.

Mrs. Quillici, a native of Sacramento, was the widow of Frank Quillici. Two sons, Hugo Quillici of Redwood City and Harry D. Quillici of San Francisco, and a brother, Thomas J. Tilden of Santa Cruz, survive.

She was a member of Robin Hood Circle 517, Neighbors of Woodcraft, and Gen. George S. Evans Corps 36, Woman's Relief Corps, both of this city, and Magnolia Lodge 8758, Royal Neighbors of America, Palo Alto. Her home was at 446 Jackson Ave.

British army chauffeurs averaged 300 accidents a day in the last two months of 1940.

30 Burglaries Are Solved By Arrests

Confessions obtained from a "gang" now in custody in the county jail have cleared up a series of about 30 burglaries in San Mateo, Santa Clara, and Santa Cruz Counties, Undersheriff Lawrence Nieri reported here.

Nieri said he and Dep. Sheriffs Jack O'Brien and Frank Marlowe had linked members of the Linneman family of Menlo Park to the burglaries after questioning six members of the family and three alleged accomplices, now in custody.

Those held are Robert Linneman, 23; John Linneman, 35, and Francis M. Linneman, 41, brothers; Harvey Linneman, 19, and two younger brothers, 12 and 16 years of age, the sons of Francis Linneman; Malcolm Mason, 18, of Palo Alto; William I. Smith, 19, Redwood City, and Douglas Fearon, 21, North Fair Oaks.

All face burglary charges except Francis Linneman, who is charged with receiving stolen goods, and Smith, who is held for petty theft in connection with the theft of gasoline from the J. W. Speyer home at Atherton, Dep. Sheriff Nieri said.

Fearon was arrested Saturday night for a Santa Cruz County burglary, a few days after he completed a sentence in Santa Clara County jail for a Mountain View burglary. He is being held for Santa Cruz. Paul Linneman, a brother of the older Linnemans, is still serving a sentence for complicity in the Mountain View burglary.

Nieri said Fearon had not been connected with the Summer cabin burglaries in Southern San Mateo County, to which the Linnemans assertedly confessed. Most of the loot from these "jobs" has been recovered, the deputy sheriff said.

Improvements For Streets Are Ordered

Street and sidewalk improvements received the attention of Redwood City City Councilmen at their meeting Monday night.

Legislation providing for the laying of additional sidewalks on Roosevelt Ave. was introduced, bringing to a climax a project undertaken by resident on this street several months ago.

The council, in the 2½-hour session, also adopted a resolution declaring Chestnut St. from El Camino Real to Broadway, and Redwood Ave. from El Camino Real to Valota Rd., streets of major importance, thereby making them eligible for use of gas tax money for improvements.

In addition, City Manager C. L. Dimmitt was authorized to call for bids for the widening of Jefferson Ave. between Broadway and Middlefield Rd., and for paving the Valota Rd.-Vera Ave. intersection. The intersection will be reconstructed to eliminate the sharp jog in the street.

And, while they were about it, the council—acting on the suggestion of Councilman Floyd D. Granger — instructed the city manager to provide for the improvement of the Hudson St.-Roosevelt Ave. intersection where Hudson St. makes a jog. The city has acquired a right-of-way to enable it to round off the southeast corner to eliminate the sharp corner.

Five-foot sidewalks will be constructed on Roosevelt Ave. between El Camino Real and Dickey St., a half-block west of King St., wherever there are not sidewalks at present. The property owners will be assessed for the work. A public hearing on the improvement will be held during the council meeting on May 5.

Meta Kugeler Resigns Post As Secretary

MENLO PARK — Commissioners of the Menlo Park Fire District met Tuesday to canvass the vote of Monday's election, declared Warrington Dorst officially elected, and promised to "clean up" political activity which had given the district a "black eye."

The meeting marked the end of nearly 20 years' of service for Charles H. Merrill, who was not a candidate to succeed himself.

And, in a surprise move, Miss Meta Kugeler, secretary of the board for almost its entire existence, announced her resignation.

Dorst was voted into office Monday in the annual election, defeating William B. Tyler. The new commissioner, who will join Edward H. McNear and C. B. Weltner on the board, will serve a three-year term. He will be sworn into office at the next meeting when a chairman will be elected to succeed Merrill.

DENOUNCES CAMPAIGN

McNear, in a strongly-worded criticism voiced at the meeting, denounced the political activity which had preceded the election.

Joining McNear, Weltner a few moments later said:

"I'm going to devote my time as commissioner—and I have two more years—to making this fire district the best possible in every way."

"This is a new deal all the way," McNear added, "and a new deal for the better."

Discussing Miss Kugeler's surprise resignation, Weltner asked if she desired to make any formal, written statement explaining her reasons for the move.

She said she had no reasons and added:

"I just want to go out."

NO SECRETARY NAMED

No action was taken by the board to appoint a new secretary, and Miss Kugeler said she was "perfectly willing" to continue her duties until someone else is obtained for the job.

The board hired Jack Farrell, who is a night man in the department, as a full-time substitute to work vacation shifts from Apr. 15 to Nov. 15.

R. C. Man Saves Lives of Two Boys in S. F.

Two boys in San Francisco's Mission district owed their lives today to Joseph Descagnia, 25, of 1121 Windsor Ave., Redwood City, who saved them from drowning.

The two were Leonard Ortez, 10, and Larry Strider, 9.

They were playing on an improvised raft on Tuesday in a water-filled depression off Bayshore Blvd. The raft tipped and they were hurled into water 8 or 10 feet deep.

Descagnia, driving by in car, jumped in fully clad, and succeeded in reaching both youngsters and pulling them to shore.

All were taken to emergency hospital for treatment for submersion and for drying out.
